

REGENERATION NEWSLETTER

ALICE SHEPHERD HOUSE AND OAK HOUSE

April 2025

In this newsletter:

- Where are we now?
- Getting involved with the Residents Steering Group
- Drop in sessions and how to contact the Team

Where are we now?

Hill is partnering with Riverside to redevelop Alice Shepherd and Oak House, with HTA appointed as the new architect company assisting in the redesign.

Although things might seem quiet, there's a lot happening behind the scenes to get your new homes built as soon as possible. Consultation events and building timetables will be shared once confirmed.

In the meantime, if you haven't had a visit to complete a housing needs assessment from our Regeneration Officer Isaac in the last five months, please arrange one soon. This assessment helps the architects make sure the new homes are the right size for everyone. To avoid any issues later, please email, text, or call Isaac to set up an appointment.

Support and assistance are always available.

Join the Resident Steering Group (RSG)

Get involved with the Resident Steering Group for Alice Shepherd House and Oak House. This is a fantastic opportunity to play a role in shaping the future of the estate.

Your feedback is important in making sure the needs of the community are considered in the project designs. Meetings are held monthly to keep you updated on progress and answer any questions. Plus, your independent advisors and resident advocate are there too, so that you have the support you need.

We believe that the more people involved, the better the estate can be represented. If you are interested in joining or would like to have a chat about it, please contact Murselin on 0800 073 1051 or email murselin.islam@opencommunities.org

Open Communities Drop in Session

Ray and Murselin, your independent advisors, are on the estate every week to offer guidance and support to residents and leaseholders.

When: Wednesday, 6pm - 8pm

Where: Flat 31 Alice Shepherd House, E14 3ET
