

KINGSBRIDGE ESTATE September 2017

The newsletter of the 4 Estates Forum giving a resident viewpoint of the redevelopment proposals

THE NEXT STEP..... CONSULTATION?

With the Stock Condition Survey nearly ready for publication One Housing Group have been pushing the 4 Estates Forum to agree a draft brief for the appointment of an independent team to undertake resident consultation.

The 4 Estates Forum are resisting this as we believe that the Stock Condition Survey should be available first. In addition the 4 Estates Forum have stressed all along that we are not a decision making group but a group who will promote wider resident consultation so we believe that any brief on resident consultation should be considered by residents on each of the four estates.

One Housing Group originally gave the 4 Estates Forum a deadline to agree a draft brief by 15th September 2017. With the support we asked for from Tower Hamlets Council this has now been dropped; and the decision of Richard Hill the new Chief Executive of One Housing Group to meet with the members of the 4 Estates Forum before any further steps are taken.

Some of you will recall from meetings held earlier on in the year that after consultation on the four estates the 4EF have proposed that for residents to have the information required to decide on the future of their homes, the consultation team, appointed by the residents should use a wide variety of media to engage with the full diversity of residents, which could include at a minimum:

- Posters, letters and traditional physical literature
- Website, online forms and email
- Workshops and focus groups including targeted sessions (young, elderly, individual minority ethnic groups, local businesses)
- Frequent meetings and design workshops with the St Johns TRA, Kingsbridge TRA, SELMO and BMT, including on specific matters (e.g. transport/renewable energy to empower the representatives of residents)
- Roadshows involving a trailer in different parts of the estates, fitted out with informative material (exhibitions, physical and digital models) and staffed by team members to explain proposals and encourage participation
- Staffed exhibitions in local venues
- Fun days combining stands with exhibitions and interactive models to inform and engage residents, using entertainment and food to encourage participation
- Individual door-knocking to provide one-to-one contact
- On-site office with late-night opening to accommodate working residents.

STOCK CONDITION SURVEY LATEST.....

In last month's newsletter we reported that the draft Stock Condition Survey report was issued to One Housing Group, Tower Hamlets Council and the 4 Estates Forum. However in its current format it did not set out the overall results in an easy to read way for residents.

We would like the report to set out what the overall cost per tenanted property and leasehold property in each block is. The report also compares the cost of maintaining the four estates against other blocks. This section needs to be clarified as comparisons can only be made against blocks in inner London, as maintenance costs in inner London are higher than elsewhere.

In addition we have asked for information on what One Housing Group's income is over the next 30 years and what would be a reasonable proportion from the income to spend on such works.

We cannot see the final draft now being published until October 2017. As soon as it is residents will be able to access it on the 4 Estates Forum website (www.4estatesforum.org.uk) and meeting will be held on each estate to discuss it.

KINGSBRIDGE TENANTS & RESIDENTS ASSOCIATION

The Kingsbridge Tenants & Residents Association meets every other month. The meetings are held on the second Tuesday of every odd month at 6pm at the TRA Office, 4 Montrose House. However an Annual General Meeting will be held on Tuesday 26th September 2017 at 6pm.
